EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Specification

In page 1 of the Specification in the Cross-Reference to Related Applications section, after "09/655,787 filed September 6, 2000" please insert --now abandoned--.

Response to Amendment

1. The amendment filed on 3-20-2006 is acknowledged. The amendment is sufficient to overcome the examiner's previous rejection as well as objection due to minor informalities (i.e. typo error).

Allowable Subject Matter

2. Claims 14-22 are allowed.
3. The following is an examiner's statement of reasons for allowance: Respect to claims 14-20, the cited prior arts fail to disclose or suggest the step of cooling the object so as to keep the cleaning gas inactive and to make the cleaning gas adhere to the surface of the object, stopping the supplying of the cleaning gas and heating the object to activate the cleaning gas adhering to the surface to remove oxide form on the surface. Respect to claim 21, the cited prior arts fail to disclose or suggest the step of cooling the object so as to keep the cleaning gas inactive and to make the cleaning gas adhere to the surface of the object, stopping the supply of the cleaning gas and emitting ultraviolet rays to activate the cleaning gas adhering to the surface to remove oxide formed on the surface. Respect to claim 22, the cited prior arts fail to disclose or suggest heating the object to activate the cleaning gas adhering to the surface of the object so as to remove oxide formed on the surface, wherein the objected is positioned apart from a mount. The closest prior art (Kaneko) teaches to apply heat or ultraviolet while supplying the cleaning gas mixture continuously to the semiconductor substrate.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
